

# ZERO COST ZERO LIABILITY

## CHARITABLE IT ASSET DISPOSITION

 **InterConnection.org**

## EXPERTS IN COMPUTER REUSE

InterConnection is the leader in computer and electronics reuse and recycling for charitable purposes. Your company's surplus computers can now be used to help schools, nonprofits and underserve communities around the world get connected.

### CHARITABLE REUSE

- Helps others access technology
- Extends the life of reuseable equipment
- Tax write off receipts
- Zero landfill policy
- 20x better than recycling
- Positive corporate social responsibility messages

### DATA DESTRUCTION

- \$1,000,000 guaranteed removal of all data
- Auditable Chain-of-Custody asset tracking system
- Certificates of destruction
- On-site hard drive wiping and crushing
- Department of Defense level wiping
- Monitored and secure facility

### CERTIFICATIONS & LIABILITY

- R2 (Responsible Recycling) & ISO 14001
- Recycling conducted in accordance with federal, state and local regulations
- No export of waste
- Professional liability and CyberSecurity Coverage

### NO COSTS

- Free recycling, pick-ups and data wiping

## R2 & ISO14001 CERTIFIED

Certifications are what shields organizations from the environmental, business and legal risks that are inherent with retiring IT equipment. The leading certifications in the electronics recycling industry are R2 (Responsible Recycling) and ISO14001. InterConnection is the only nonprofit in the nation with both of these rigorous certifications.

## TRUSTED PARTNER

# YOUR OLD COMPUTERS CHANGE LIVES

 **InterConnection.org**

InterConnection provides thousands of computers to schools, charities and underserved communities around the world. Over 250,000 people have benefited from our technology access support. InterConnection is a 501(c)(3) non-profit organization that helps underserved communities gain access to technology.

4,000 computers were shipped to schools in Chile.

Peace Corps Volunteers in 20 countries have received PCs.

World Vision received PCs to support youth in Chile.

Schools in Paraguay received over 400 desktops.

TechSoup selected InterConnection to be the only nonprofit in the nation to provide computers for TechSoup's Refurbished Computer Initiative Program.

Microsoft uses InterConnection to refurbish their surplus computers and donate them to charitable projects around the world, including those in Taiwan, Kenya and Vietnam.

Relief organizations in Haiti, Pakistan, Japan and Chile received computers from InterConnection through Nethope.

## FREE DATA DESTRUCTION

All reuseable hard drives are immediately wiped with a custom data erase software that is DoD 5220.22-M and NIST 800-88 compliant. Our free standard wiping ensures compliance with HIPAA, Sarbanes-Oxley, GLB, FACTA and other federal and state compliance regulations. Auditable asset disposition reports and certificate of destructions can be generated for a small fee, or for free if the quantity and quality is high.

## FREE NATIONWIDE PICK UPS

Pick ups can be arranged for any location in the nation for businesses that have at least 15 functional and complete Pentium IV desktops. Onsite packaging, scanning and deinstallation is also available.

## FREE RECYCLING

All desktops, laptops, LCD monitors, peripherals, and cell phones, working or not, old or new are accepted for free. Recycling fees on CRT monitors only for businesses outside of Washington.

Onsite Mechanical Hard Drive Destruction
