ABOUT US

InterConnection is a registered non-profit organization based in Seattle, Washington U.S.A.

We provide quality refurbished computers to underserved communities around the world.

Since 2003, we have shipped over 11,000 computers to organizations in 31 countries.

QUALITY IS OUR PRIORITY

- All computers are tested, upgraded and fully refurbished at the **InterConnection Computer Reuse and Learning Center** in Seattle, Washington.
- Skilled technicians inspect each computer before it is sent out.
- Our hands-on process ensures computers are reliable and are ready for use upon arrival.

OUR PROCESS

- Clean hard drive (no data) installed
- BIOS set to default
- Additional RAM or larger hard drive added
- Computer case vacuumed and cleaned
- CD Rom checked
- Floppy drive checked
- Boot test
- A label with the computer's specifications is placed on the side of the computer
- Computer details recorded in the database

OUR INVENTORY SYSTEM

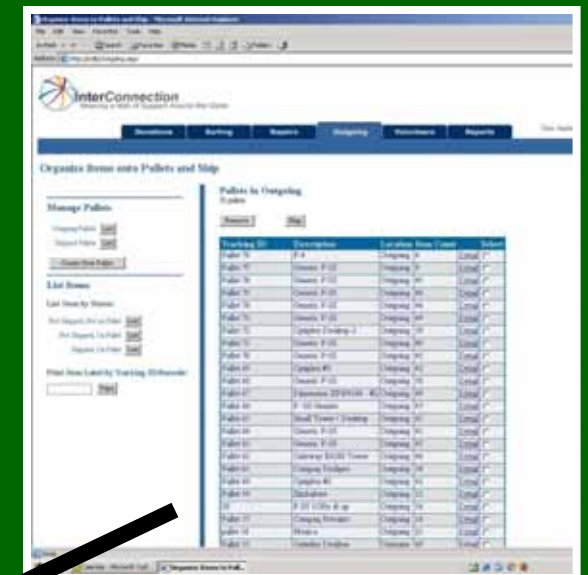

Computer specifications are listed on the side of the case.

Specifications are associated with a bar code.

Computer details are entered into our database.

Computer details are sent to the recipient so they can see what they will receive.

420 Computers

RECIPIENTS

World Vision, Chile

**Yalve Sanga Indigenous High School,
Paraguay**

Schools, Belize

**Connect Education,
El Salvador**

HOW TO RECEIVE COMPUTERS

1. Complete our online form at www.interconnection.org
2. We will evaluate your request and may ask for documents that demonstrate your organization's non-profit or government status.
3. Once approved, we will send a pro-forma that lists all costs.
4. Organizations must pay all costs prior to shipment. In general, computers sent by sea require 3 to 4 weeks to arrive in country.

THANK YOU
